

## **Pee Dee GIS User Group Meeting**

Wednesday, August 14<sup>th</sup>, 2017

Florence County Doctors Bruce and Lee Foundation Library  
509 South Dargan Street  
Florence, SC 29501

### **AGENDA**

**10:00**                      **Welcome - Approval of May 2017 Minutes**

**10:10**                      **Survey123 for ArcGIS**  
*Christie Thiem, Esri Local Team Account Manager*  
*Gustavo Castro, Solution Engineer, Esri*

Survey123 for ArcGIS is a simple and intuitive form-centric data gathering solution that makes creating, sharing, and analyzing surveys possible in just three easy steps. It allows you to design surveys that speed the data collection process with predefined questions that use logic and provide easy-to-fill answers, embedded audio and images, multiple languages, and much more. Learn how to equip field workers with mobile devices to capture data in any environment, with minimal training using Survey123.

*Christie Thiem is an account manager for the Esri Local Government Team supporting smaller counties and cities in Alabama, Georgia, South Carolina, and Tennessee. She has been with Esri for two years. Prior to joining Esri, she was a graduate student at Georgia State University where she obtained a Masters in Historic Preservation and a Graduate Certificate in GIS. Christie interned at the City of Atlanta watershed department where she helped develop their ArcGIS Online deployment support quality assurance on data and participated in field data collection efforts.*

*Gustavo Castro is a Solution Engineer with Esri in the Charlotte Regional Office where he supports local government organizations in the Southeast. He holds a B.S. in Environmental Engineering and an M.S. in Geographic Information Science from the University of Denver with an emphasis in Remote Sensing and GIS. Gustavo has almost 15 years of experience in the GIS industry, and has worked for some of the leading private and governmental institutions in the field of geospatial technologies, including Esri and the United States Geological Survey.*
